

**The Beech Tree Bed and Breakfast**  
**UPDATE: COVID-19 Protocols for Spring/Summer 2022**  
Helene and Dan Duffy, Innkeepers

In an effort to keep our guests and ourselves healthy we continue to operate with an abundance of caution in light of the latest Omicron and other variants. As this situation is fluid we will update these protocols as necessary.

**COVID-19 Update from the Town of Rockport and the BOH:**

Masks/Face Coverings are strongly encouraged in all municipal buildings and indoor public spaces.

**Our Social Distancing Protocols:**

**Self-check-ins/check outs.** Upon arrival, you will find your room key in an envelope by the front door along with other information. The key will open the front door and your room. Upon arrival we will process your balance and send you an email receipt. Please leave your key in the door when you depart.

**No one will enter your room during your stay.** Please leave trash outside your door for disposal. You will find additional wastebasket liners in the bottom of the waste basket. If you need clean towels use the white plastic bag provided in your bathroom to leave used towels outside your door. We will return fresh towels in a plastic bag outside your door as well as any additional supplies you request.

**Breakfast.** Breakfast in a basket will be delivered to your door @ 8:30 am. It typically includes juice, yogurt, fresh fruit, homemade granola, a baked good and hard-boiled egg. We provide coffee, teas, creamers and sugar. Each room has its own Keurig coffee maker and small guest refrigerators. When you have finished your breakfast, we appreciate you leaving basket and containers outside your door.
